

## Hello, Friend!

Welcome to Letters from the Countryside! Guess what? You've been given a very special gift because you're very special! I'm Benjamin, and my sister Lilly and I are twins. We live on a big farm in Georgia with our family. We're so excited that we get to send you a letter, specially addressed to you every month! Along with each letter, you will find an extra surprise tucked inside. We can't wait to tell you about what we are learning and all of the wonderful things waiting to be discovered! So make sure to start checking your mailbox because one day soon you'll find a letter in there from us!
